Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The U.S. Census Bureau (Bureau) has typically counted overseas members of the military, federal civilian employees, and their dependents. However, it usually excluded private citizens residing abroad. In July 2004, the Bureau completed a test of the practicality of counting all overseas Americans. GAO was asked to assess (1) whether the Bureau implemented the test consistent with its design, and (2) the lessons learned from the test results. The Bureau generally implemented the overseas census test on schedule and consistent with its research design. Still, participation was poor, with just 5,390 questionnaires returned from the three test sites--France, Kuwait, and Mexico. Moreover, because of the low response levels, obtaining those questionnaires proved to be quite expensive--around \$1,450 per response, which is far costlier on a unit basis than the 2000 Census. Although the two are not directly comparable because the 2000 Census included operations not used in the overseas test, the 2000 Census cost around \$56 per household. Further, boosting the response rate globally might not be practical. On the domestic front, during the 2000 Census, the Bureau...
