Pub Date: 2002 Publisher: China Social Sciences Press Description feminism is an important Western political thought involving Western political, economic, cultural, educational and other fields. The book argues that the key role of Virginia Woolf in the history of the development of feminism has nexus. First, she not only inherited the old early feminist (women's rights), the core idea, adhere to the men and women should have equal political, economic and cultural aspects of the legal rights, also emphasized that women must rid itself of the shackles of patriarchal ideas enrich and develop their identity. the issue is different from the male voice, in order to achieve the new feminism (feminism or translated feminist) stressed that the affirmative legal men and women of the old feminist deconstruction of male political and ideological and cultural hegemony established female perspective shift provide an ideological and theoretical foundation for the development of the new feminism in the late 1960s. Second, she advocated the eventual elimination of the binary opposition between men and women, to get rid of the sex of the metaphysical and look betting to female internal class differences, which foreshadowed since the 1990s feminist thinking of the women's liberation direction of development. ----- About the author Wu Qinghong, was born in October 1969, Zhenjiang, Jiangsu Province, the incumbent Jiangsu University Associate Professor, School of Foreign Languages.
