paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 211 Publisher: Tsinghua University. Pub. Date :2010-12-1. This book details the 80c51 microcontroller as the main. from the smallest single-chip system. the production staff to the expansion peripheral interface technology such as the completion of ten projects on the process. The main contents include isp 80c51 microcontroller technology. simulation. debugging techniques. making the smallest system. the input / output circuit design and production. design and production output circuit interrupt. timer / counter control circuit production. storage and interface control circuit production and so on. For each type of hardware circuit production project. this book gives a schematic wiring diagram and components. learners can make these maps printed circuit board. The program gives the book design ideas and simulation debugging process. and then describes the use of joint commissioning Manley emulator software programs. hardware circuits. and by self-burning download cable circuit boards and software to download to the microcontroller functions with isp to complete a single chip control system of the production process. Book as a vocational college automation. electronics. computers and other specialized materials. engineering and technical personnel can be used as a reference and microcontroller enthusiasts. Contents: Chapter 1. the smallest single-chip control system knowledge production and isp technology 1.1 1.3 SCM 1.2 80c51 single-chip microcontroller control system consists of the smallest minimum control systems to produce 1.4 1.5 1.6 single-chip microcontroller programming online knowledge development and production of Chapter 2 Exercise chip memory and simulation technology 2.1 medwin Integrated Development Environment 2.2 Program Memory 2.3 Data Memory 2.4 single-chip microcontroller development of knowledge and production exercises in Chapter 3 simple command control circuit Design and production Four Satisfaction guaranteed, or money back.
