The blacks in the Indies, will attack the Shark. Their moment is just as the monster is turning on its side to bite; then they dive under him, and pierce the abdomen with a very sharp instrument. You remember the account of our faithful old black servant I have so often told you of, who, in the warmth of his affection would say, Ah, massa, suppose you fall overboard, and Shark come, I see him, I soon jump overboard too, and with a great knife kill him. 77ie Sturgeon. The body of this enormous fish is long, pentagonal, covered with two rows of long bony tubercles. The Sturgeon ascends the large rivers, both in the North and South of Europe, to spawn; and from thence comes down and visits all the countries around. They sometimes reach the length of eighteen feet, and weigh 500 pounds. The flesh was at one time much esteemed. The roes are known by the name of caviar, and are a lucrative branch of trade. The Isinglas Fish is a species of Sturgeon. That nutritious aliment, so much recommended to the invalid, that goes by the name of Isinglas, is prepared from this fish. The skin, entrails, fins, and tail, are all cut up into small pieces; and after being macerated together, are made into jelly, which is spread out in large sheets like parchment; and when dry, is ready for use. This is a most gracious gift of...
