

Amazing Biome Projects (Hardback)

By Donna Latham

Nomad Press, United States, 2009. Hardback. Book Condition: New. Farah Rizvi (illustrator). 257 x 206 mm. Language: English . Brand New Book. Amazing Biome Projects You Can Build Yourself takes kids ages 9 and up on a circumnavigation of the globe to learn about Earth's terrestrial and aquatic biomes. Kids will wander through forests, sizzle in deserts, shiver in the tundra, plunge beneath the seas to explore coral reefs, and slog through marshy waters. Along the way, kids will encounter flora and fauna adapted for survival in each unique climate zone. They'll learn about gnarly krumholz trees, bioluminescent sea creatures, camouflage, carnivorous plants, and blubbery marine critters. In each biome, people who use science in their jobs are highlighted, whether at the site of a disastrous oil spill or an oh-so-cool mastodon dig.

Reviews

A brand new e-book with a new viewpoint. I actually have read and so I am certain that I am going to gonna read again once more later on. I am quickly could get a pleasure of studying a published ebook.

-- **Anastasia Kerluke**

This pdf is indeed gripping and exciting, it was written quite completely and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.
